"The Suru was designed as a compact hardworking mini folder. A small knife with a full hand grip when needed. The stout 4mm blade and an almost full flat grind make it a strong but efficient cutter. The Suru is all the knife you need in most everyday situations where an edge is required. Great ergonomics, comfortable carry, super flipping action and a very sharp blade will make this one of your favorite small knives to carry!"

*Jesper Voxnaes*

**Blade Coating: stone washed PVD****PVD**

(Physical Vapor Deposition) is a variety of vacuum deposition methods used to deposit thin films by the condensation of a vaporized form of the desired film material onto various workpiece surface. The coating method involves purely physical process such as high temperature vacuum evaporation with subsequent condensation.
