Made in China

## Info

"The Bean was designed to be a knife that is easy to carry no matter where and when. In an urban environment, where a larger, locking knife may be viewed as threatening or not useful, the Bean shines. Designed with European customers in mind, the nonlocking ball detent Slip-Joint mechanism and small size of the Bean makes is legal almost everywhere."

Serge Panchenko

Blade Coating: stone washed

Blade Steel: stainless steel 440C
