NATO N/CAGE CODE: AG180

Fox / Balisong ⋈ PHI **Design by Fiore Knives**

cod. FX-570 TiB

Blade Steel: M390 stainless steel

Blade Coating: Physical Vapor Deposition (PVD)

Handle: titanium black PVD Blade Length: 12.6 cm - 4.96" Overall Length: 25.5 cm - 10.04" Blade Thickness: 4 mm - 0.16" Weight: 139 gr - 4.90 oz

Info

A dream come true, PHI is the Balisong made in Maniago by Coltellerie Fox in collaboration with Vincenzo Fiore, known knives designer and Italian custom maker.

Simple and balanced design thanks to the Pinsless system that allows to eliminate the stop pins and consequently to reduce the distance between the center of the two holes, the center of the hole and the outer perimeter of the blade head.

Blade Coating: Physical Vapor Deposition (PVD)

PVD

(Physical Vapor Deposition) is a variety of vacuum deposition methods used to deposit thin films by the condensation of a vaporized form of the desired film material onto various workpiece surface. The coating method involves purely physical process such as high temperature vacuum evaporation with subsequent condensation.

Blade Steel: M390 stainless steel
