**Overall Length:** 17.5 cm - 6.89"

**Blade Thickness:** 4 mm - 0.16"

**Weight:** 97 gr - 3.42 oz

**Info**

The Yaru was designed to be used more intensively than the more compact Suru.

The idea was to create a functional knife that conveyed solidity during use and could perform as well as a small fixed blade.

The 2023 edition consisting of five knives with an M398 blade was also created for this line.
