Info

This knife wants to catapult you into the past to an indigenous American tribe that needed to hunt and fish in order to survive.

The new fixed blade from Fox Knives is called Tokala and recalls the spirit of the fox in the Native American language, an animal that holds the meaning of invisibility and the ability to see into the future, so much so that legends say she was the one who gave humans the knowledge of fire.

Blade Coating: **black Idroglider stone washed**

Idroglider

Special non stick coating made of PTFE that ensures long life and rust resistance.

Blade Steel: **NIOLOX**
