

**FKMD / Folding knives**

**A.L.S.R. 2 Air Land & Sea Rescue**

cod. **FX-447 C**

**Blade Steel:** N690Co stainless steel  
**Hardness:** HRC 58-60  
**Blade Coating:** satin  
**Handle:** FRN® R  
**Clip:** stainless steel 420J2B - reversible  
**Blade Length:** 9 cm - 3.54"  
**Overall Length:** 23.5 cm - 9.25"  
**Blade Thickness:** 3 mm - 0.12"  
**Weight:** 140 gr - 4.94 oz

**Info**

**L.A.W.K.S. Safety System**

The knives including L.A.W.K.S.® locking system Lake And Walker Knife Safety, designed by noted Knifemakers' Guild members Ron Lake and Michael Walker, into our newer locking liner folders. When the LAWKS lever is pushed forward with a flick of the thumb, the knife becomes a virtual fixed blade, and the locking liner is virtually impossible to release by the most vigorous use until the LAWKS lever is retracted. that provides the user with an added measure of safety.

The blades of the ALSR2 like for the ALSR, depending on the quantity can be personalized. Each knife includes an extra blade.

With reflective yellow color

Blade Coating: **satin**

Blade Steel: **N690Co stainless steel**
